The Space Clearing (or Remote Clearing as it is also known) aspect of our work aims to do two things:

- 1) to clean and clear out any stuck and stagnant energy that may have built up over a period of time and
- 2) to fill the cleansed empty space with the kind of energy you would like for your home.

(for more information about Space Clearing please visit my website www.energy-alignment.com)

On the day of the Space Clearing we will be cleansing, balancing and optimising the various energy fields in your environment on a variety of levels. Before we do this you will need to spend some time getting clear about what sort of energy you want to fill your home with. This is your 'Intention' for your home. You need to clearly define your Intention for your home. This is an essential first step to creating the kind of home you want e.g. do you want your home to be conducive to creativity, to be abundant and prosperous, to be full of family and friends or to be a quiet retreat?

Where Intention goes, energy flows!

My overall Intention for my home is:
